The **Porcher** Bathroom Furniture Collection comprises updated signature lines as well as new designs, such as Lutenzia, L'Expression and Savina (shown), which has the look of early 20th-century washstands and commodes found in rural Europe. All feature hardwood case construction, select veneers and moisture-resistant solid-wood feet and detailing. Each piece is finished using a hand-applied seven-step process that includes two topcoats of catalyzed polyurethane. Several countertop and sink options are available. **Circle No. 210**

Designed by Matteo Nunziati for **Rapsel**, ELLE is a modular system of bathroom furniture featuring white washbasins, formed of Hanex or Corian, that appear draped over vanities in small (shown), medium and large sizes. The storage units can be configured with drawers and/or shelving and come in black walnut and wenge. The sink's drainpipe can be positioned to the left or right side of the vanity. **Circle No. 211**

From Hastings Tile & Bath, **Sonia's** Duna vanities come in 24-in., 31-in. and 39-in. widths and boast an "onda" textured wood laminate finish in white, wenge or vision (gray). Each unit has two drawers and is equipped with a polished stainless-steel handle that runs the length of the unit. The collection also includes mirrors, medicine cabinets and wall storage. **Circle No. 212**
